### **KONA IRRIGATION SUPPLY NAMED NEW HAWAII DISTRIBUTOR FOR KICHLER LANDSCAPE LIGHTING**

**KAILUA-KONA** – Kona Irrigation Supply, Ltd. has been named a new Hawaii distributor for Kichler landscape lighting products, the firm has announced.

Founded in 1938 and based in Cleveland, Ohio, Kichler is among the world's leading decorative lighting fixture companies and offers one of the widest range of landscape lighting solutions today for contractors.

For contractors, Kichler fixtures help grow business by enhancing new and existing landscape installations with outdoor lighting that is easy and safe to put in place.

Kichler products include a variety of fixtures for outdoor lighting applications such as pathways and walkways, lanais and decks, gardens, water features and general landscape accenting.

The company's products are UL rated and approved and are known for their durability and long life, manufactured with architectural grade materials including copper, premium copper content brass and stainless steel. They are all backed by premium Five Year, 10 Year and limited lifetime warranties.

Many of Kichler's products are leaders in the market, like its new energy-saving LED accent lights and its innovative Pro Series LV Junction, a unique wiring installation solution developed by contractors for contractors.

Kichler products can be previewed or ordered at both Kona Irrigation warehouse stores in Kona on Olowalu Street in the Kaloko Light Industrial Area and in Honolulu on Waiwai Loop off of Lagoon Drive.

"We are pleased to be able to offer our contractor clients this new premium choice in landscape lighting," said Mike Crossley, president of Kona Irrigation Supply. "We think it will help them give homeowner clients a new option for enhancing the enjoyment and values of their properties and in turn giving contractors an opportunity to create add-on business."

Kona Irrigation Supply, Ltd. has been in business since 1980 supplying irrigation products for residential, commercial, resort and golf course irrigation installations around Hawaii. Phone number for Kona Irrigation is 329-1167 in Kona and 836-8500 in Honolulu.
